GIZATM

PLASH OF STYLE

Aprologue to modern bathrooms.

The concept of bathrooms has undergone paradigm shifts in the recent decade. The early tiny, monotonous bathrooms were transformed into glamorous spaces with the advent of stylish bath-wares. The element of design has its impact on sanitary wares, bath fittings and hitherto neglected bathroom accessories as well. Off late, imaginative and cohesive range of accessories in a variety of finishes such as alluring gold, enchanting rose gold, time- less antique and seductive black that perfectly complement faucets, mixers and showers of similar hues in vogue.

Decking up a bath space with accessories is important, but even more important would be the utility and design aspect of it. They should be simple and meticulously organize all the toiletries and bathing essentials. They should be carefully selected and coordinated with the rest of the theme in order to improve the aesthetics of the room. The style and colour of the products are crucial design elements. Coupled with this paying attention to minute details mark the difference between the ordinary and exceptional.

GIZA bathroom accessories comes in enormous shapes and shades and are designed to give your bath space the ultimate facelift that you crave for. Designed in a fusion of classic and contemporary styles and crafted in state of the art plants in India and abroad in pure stainless steel, under strict quality controls, **GIZA** accessories are matchless in appeal and durability.
